

Curriculum Vitae

Institute of Nutrition, Mahidol University (INMU)
999 Phutthamonthon 4 Rd., Salaya, Phutthamonthon
Nakhon Pathom 73170, Thailand

Name Sueppong Gowachirapant, Ph.D.
Email address sueppong.gow@mahidol.ac.th, sueppong22@gmail.com
Current position Senior Researcher

Education

- 2014 Ph.D. (Human Nutrition), Division of Human Nutrition, Wageningen University, 6700 EV Wageningen, The Netherlands
2002 M.Sc. (Food and Nutrition for Development), Institute of Nutrition, Mahidol University, Salaya, Nakhon Pathom 73170, Thailand
1997 B.Sc. (Food Technology), Silpakorn University, Nakhon Pathom 73000, Thailand

Research Interest and Expertise

1. Micronutrients (Iodine, Iron)
2. Maternal and child nutrition
3. Food loss and food waste

Research Experiences

1. Iodine status of the indigenous peoples (Karen) living in Laiwo subdistrict, the Sangkhlaburi district, Kanchanaburi province, Thailand
2. Training activities to measure, monitor and reduce food waste in processing, distribution and in retail in micro- small and medium enterprises in Thailand and to document case studies
3. Testing a natural polyphenol supplement to inhibit dietary iron absorption in Thai adults with iron-loading thalassemia: a stable isotope study
4. Climate change resilience of indigenous socioecological systems (RISE)
5. Iron absorption from an iron fortified follow-up formula with and without the addition of a synbiotic or human milk oligosaccharides
6. Surveys of food waste in processing, distribution and retail in micro, small and medium enterprises
7. Optimizing oral iron supplementation regimens during pregnancy using serum hepcidin profiles and iron stable isotopes
8. Assessing iron requirements of infants using the stable iron isotope dilution method
9. Iron bioavailability of high surface area ferric phosphate in Thai women
10. Maternal iron absorption and utilization and iron transfer to the fetus during pregnancy in normal weight and overweight/obese women and the effects on infant iron status
11. Association between body composition and physical activity in Thai elementary school children
12. Promoting early life nutrition intervention within maternal and child health care
13. Effects of iodine supplementation in mildly iodine-deficient pregnant women on child development at 4-6 years old
14. Prevalence of iodine deficiency in pregnant women in south central coast Vietnam
15. INFORMAS (Thailand)
16. Study of association between nutritional status, diet, and physical activity of lactating women with breast milk intake, body fat of lactating women, and nutritional status of infants during 0-6 months post-partum
17. Capacity building of village health volunteers on food and nutrition knowledge for improving elderly health: a study in Nakhon Pathom province

Curriculum Vitae

Institute of Nutrition, Mahidol University (INMU)
999 Phutthamonthon 4 Rd., Salaya, Phutthamonthon
Nakhon Pathom 73170, Thailand

18. Infant feeding practices in transition: Breast milk intake, complementary feeding and body composition during infancy
19. Effects of iodine supplementation in mild-to-moderately iodine-deficient pregnant women on pregnancy outcome and infant development in Thailand
20. Determination of the urinary iodine concentrations in matched pairs of pregnant women and their school-aged children in area of marginal iodine nutrition in Thailand
21. Iron absorption and utilization in thalassemia trait: does iron fortification pose a risk
22. Survey of Thai-Muslim health status
23. A comparison of electrolytic and hydrogen-reduced elemental iron powders as cereal food fortificants in Thai women of reproductive age
24. Assessment of the efficacy of a seasoning powder fortified with iron, zinc, vitamin A, and iodine on the micronutrient status, growth and body composition, cognitive function, and morbidity of rural primary school children from northeast Thailand
25. International collaborative study of cardiovascular disease in ASIA
26. Effects of carrot consumption on plasma carotenoids and lymphocyte subpopulations in healthy subjects

Training/Workshop

- 2018 Specialised Training Course on Incorporation of Nutrition in Food System: Applications in Policies and Programmes with Specific Reference to Bangladesh (FAO) (INMU, Nakhon Pathom, Thailand)
- 2017 Regional Workshop on Data Management and Data Evaluation (IAEA) (Bangkok, Thailand)
- 2016 Expert group consultation to review draft strategic action plan for tackling the dual burden of malnutrition in South-East Asia Region (WHO/SEARO, New Delhi, India)
- 2015 The 11th South East Asian Nutrition Leadership Program (SEANLP) (Jakarta, Indonesia)
- 2015 International Training on Household Food Security for Nutrition Well-Being (INMU, Nakhon Pathom, Thailand)
- 2015 Regional Training Course on Assessment of Body Composition and Physical Activity (IAEA) (Manila, Philippines)
- 2015 Group Scientific Visit on Field Work Training for Human Milk Assessment (IAEA) (INMU, Nakhon Pathom, Thailand)
- 2014 Dual Energy X-ray Absorptiometry (DXA) training (IAEA) (INMU, Nakhon Pathom, Thailand)
- 2011 Stable isotope techniques in nutrition (IAEA) (Bangalore, India)
- 2006 Regional Training Course on Efficacy of Iron Intervention Programs (IAEA) (Islamabad, Pakistan)
- 2000 First South East Asia and Pacific Regional Meeting on Practical Aspects of Carotenoid Analysis (Bangkok, Thailand)

Curriculum Vitae

Institute of Nutrition, Mahidol University (INMU)
